

perform such service unless such person has been properly trained and certified." In 1992, EPA developed regulations under section 609 that were published in 57 FR 31240 and codified at 40 CFR subpart B (Section 82.30 *et seq.*). The information required to be collected under the section 609 regulations is: Approved refrigerant handling equipment; approved independent standards testing organizations; technician training and certification; and certification, reporting and recordkeeping.

Form Numbers: None.

Respondents/affected entities: The following is a list of NAICS codes for organizations potentially affected by the information requirements covered under this ICR. It is meant to include any establishment that may service or maintain motor vehicle air conditioners.

4411 Automobile Dealers

4413 Automotive Parts, Accessories, and Tire Stores

44711 Gasoline Stations with Convenience Stores

8111 Automotive Repair and Maintenance

811198 All Other Automotive Repair and Maintenance

Other affected groups include independent standards testing organizations and organizations with technician certification programs.

Respondent's obligation to respond: Mandatory (40 CFR 82.36, 82.38, 82.40, 82.42).

Estimated number of respondents: 46,033 (per year).

Frequency of response: On occasion, biennially, only once.

Total estimated burden: 4,165 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$213,153 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in Estimates: There is an increase of 35 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase is due in part to an increase in the number of motor vehicle establishments in the United States. This correlates with an increase in the number of establishments that send refrigerants off-site for recycling or reclamation.
